## **DETAILED ACTION**

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance:

1. The primary reason for allowance of claims 1-6 & 8 is that applicant's claimed invention includes an image recording method in which an image on an intermediate medium is produced by supplying a liquid thereon in response to an image signal, and the image is then transferred to a recording medium so as to produce a recording image, the method including steps of forming a layer of an intermediate transfer element removably on a surface of the intermediate transfer medium, the transfer element including a powder having a water-absorbing ability relative to the liquid and ultraviolet stabilizer, the layer being dissolvable and swellable by the liquid on the intermediate transfer medium. It is this limitation, expressed in the claimed combination not found, taught or suggested in the prior art, that makes these claims allowable over the prior art.
2. The primary reason for allowance of claim 7 is that applicant's claimed invention includes an image recording apparatus in which an image on an intermediate medium is produced by supplying a liquid thereon in response to an image signal, and the image is then transferred to a recording medium so as to produce a recording image, the apparatus including a forming portion for forming a layer of an intermediate transfer element removably on a surface of the intermediate transfer medium, the transfer element including a powder having a water-absorbing ability relative to the liquid and

ultraviolet stabilizer, the layer being dissolvable and swellable by the liquid on the intermediate transfer medium. It is this limitation, expressed in the claimed combination not found, taught or suggested in the prior art, that makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
